Preface

These Philippine Bidding Documents (PBDs) for the procurement of Goods through Competitive Bidding have been prepared by the Government of the Philippines for use by any branch, constitutional commission or office, agency, department, bureau, office, or instrumentality of the Government of the Philippines, National Government Agencies, including Government-Owned and/or Controlled Corporations, Government Financing Institutions, State Universities and Colleges, and Local Government Unit. The procedures and practices presented in this document have been developed through broad experience and are for mandatory use in projects that are financed in whole or in part by the Government of the Philippines or any foreign government/foreign or international financing institution in accordance with the provisions of the 2016 revised Implementing Rules and Regulations of Republic Act No.9184.

The Bidding Documents shall clearly and adequately define, among others: (i) the objectives, scope, and expected outputs and/or results of the proposed contract or Framework Agreement, as the case may be; (ii) the eligibility requirements of Bidders; (iii) the expected contract or Framework Agreement duration, the estimated quantity in the case of procurement of goods, delivery schedule and/or time frame; and (iv) the obligations, duties, and/or functions of the winning bidder.

Care should be taken to check the relevance of the provisions of the PBDs against the requirements of the specific Goods to be procured. If duplication of a subject is inevitable in other sections of the document prepared by the Procuring Entity, care must be exercised to avoid contradictions between clauses dealing with the same matter.

Moreover, each section is prepared with notes intended only as information for the Procuring Entity or the person drafting the Bidding Documents. They shall not be included in the final documents. The following general directions should be observed when using the documents:

- a. All the documents listed in the Table of Contents are normally required for the procurement of Goods. However, they should be adapted as necessary to the circumstances of the particular Procurement Project.
- b. Specific details, such as the “*name of the Procuring Entity*” and “*address for bid submission*,” should be furnished in the Instructions to Bidders, Bid Data Sheet, and Special Conditions of Contract. The final documents should contain neither blank spaces nor options.
- c. This Preface and the footnotes or notes in italics included in the Invitation to Bid, Bid Data Sheet, General Conditions of Contract, Special Conditions of Contract, Schedule of Requirements, and Specifications are not part of the text of the final document, although they contain instructions that the Procuring Entity should strictly follow.

- d. The cover should be modified as required to identify the Bidding Documents as to the Procurement Project, Project Identification Number, and Procuring Entity, in addition to the date of issue.
- e. Modifications for specific Procurement Project details should be provided in the Special Conditions of Contract as amendments to the Conditions of Contract. For easy completion, whenever reference has to be made to specific clauses in the Bid Data Sheet or Special Conditions of Contract, these terms shall be printed in bold typeface on Sections I (Instructions to Bidders) and III (General Conditions of Contract) respectively.
- f. For guidelines on the use of Bidding Forms and the procurement of Foreign-Assisted Projects, these will be covered by a separate issuance of the Government Procurement Policy Board.

This Section of the OBD provides the information necessary for interested Bidders to prepare responsive bids, in accordance with the requirements of DAP.

Section XI. Guide on How to Submit Electronic-bids

ACCESSING AND USING THE BIDDING DOCUMENT MANAGEMENT SYSTEM (BiDMS):

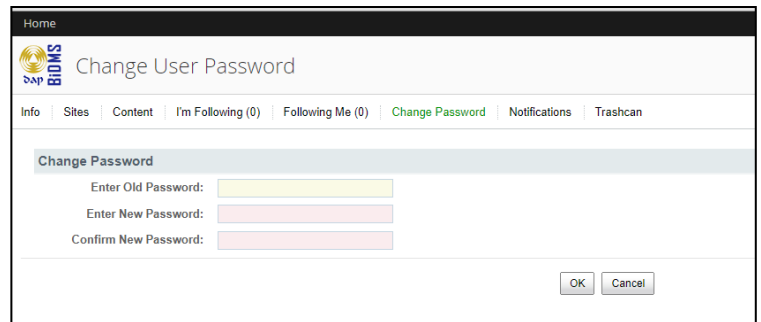

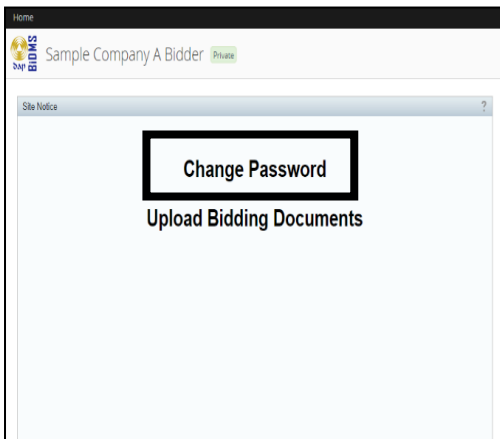

1. Each prospective bidder, who bought the Official Bidding Documents (OBD) amounting to the required OBD Fee and with an issued Official Receipt (OR) from DAP's Finance Department, will be provided by the BAC Secretariat with its own BiDMS credentials (username and password);
2. The given password by the BAC Secretariat must be changed upon logging in and the Bidder should not disclose their password to any unauthorized personnel from their Company nor to the Procuring Entity;
3. The Bidders should access the BiDMS web portal through:
<http://bidms.dap.edu.ph> and to log-in using the username and password;

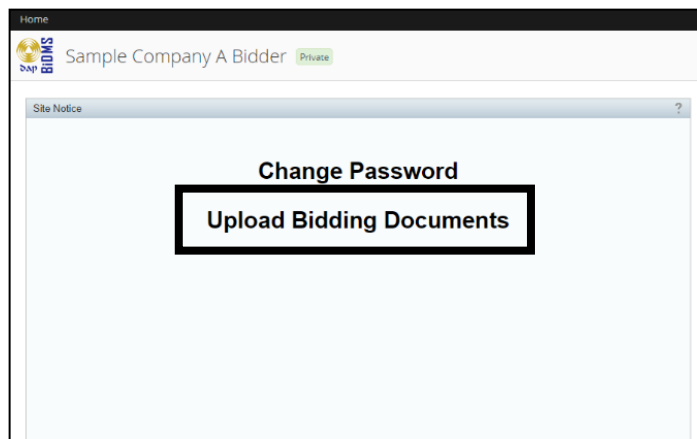

4. The Bidder dashboard will be loaded;

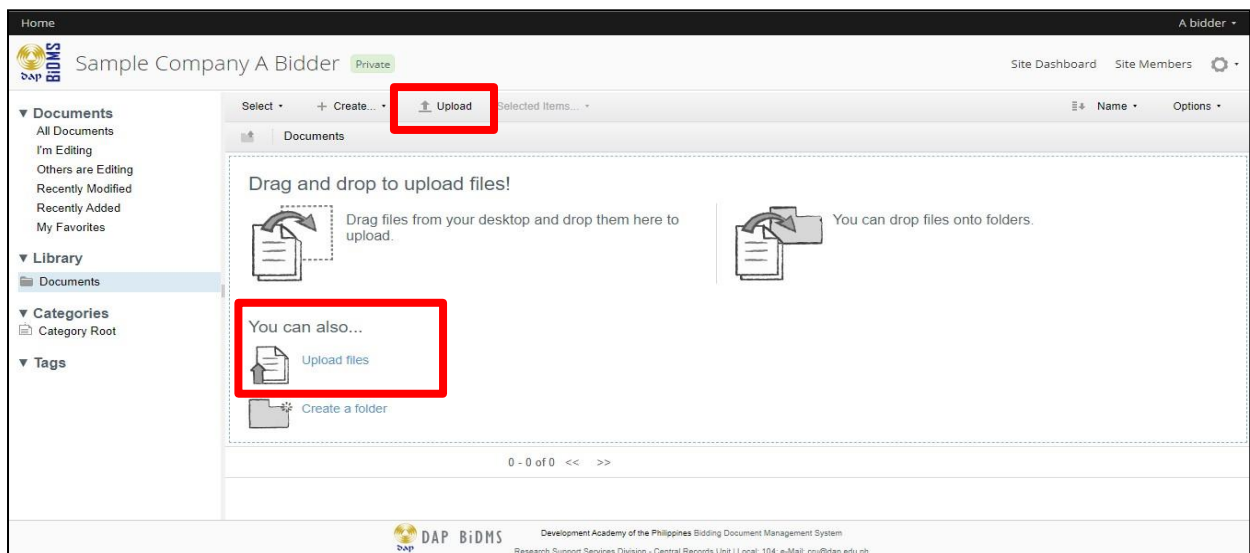

5. The Bidder should change their password;

6. After changing the password, the Bidder can now upload their electronic bid submission in two (2) password protected compressed folders (zip/rar);

7. The Bidder could either upload the compressed folders using the upload button or dragging and dropping the compressed from a device.

8. The Bidders site folder should contain only three (3) files:

1st: Duly Notarized Scanned-copy of the Letter of Authorization;

2nd: **A secured folder containing the secured compressed file of Eligibility and Technical Documents;** and

3rd: **A secured folder containing the secured compressed file of Financial Documents.**

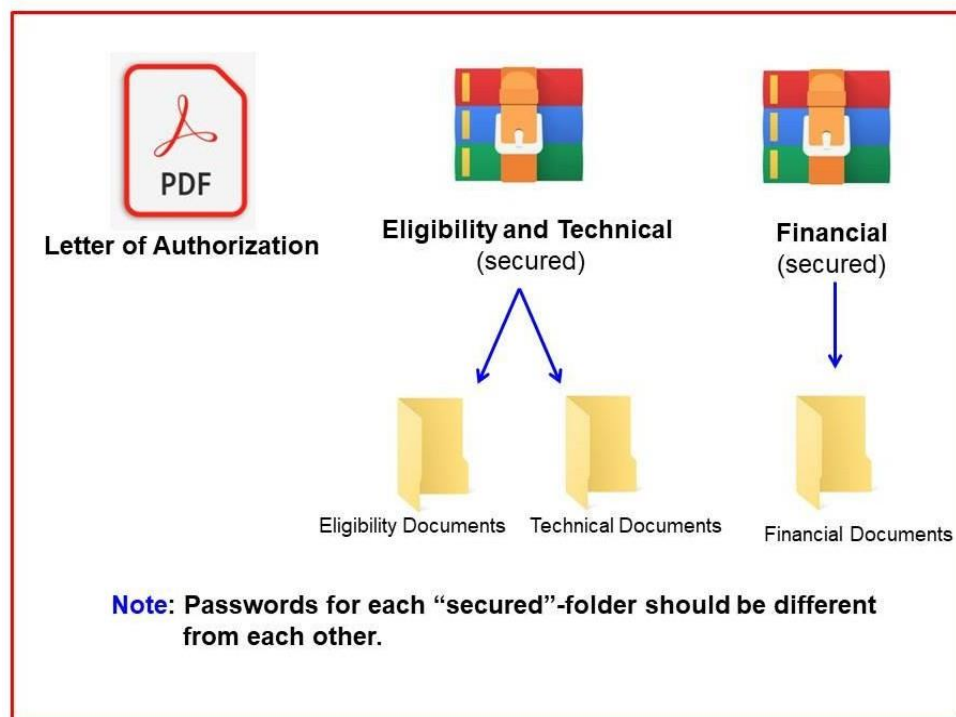

Note: Passwords for each “secured”-folder should be different from each other.

9. The Bidder may update/upload their bidding documents by first deleting the initially uploaded compressed folders. Bidders are allowed to upload before the set deadline which is prior to the announced schedule of the Opening of Bids.

Note: On the set deadline of submission of e-Bids, the system will disable Bidders access to ensure that the most recent uploaded e-Bid will not be modified.

10. The Bidders will only be asked to provide their passwords during the Opening of Bids by typing into the chat-box while in session.

11. An electronic copy that cannot be opened or is corrupted shall be considered non-responsive and, thus, automatically disqualified.
