Dr. Majah-Leah V. Ravago is the 10th President of the Development Academy of the Philippines and an economist with solid leadership skills.

Her diverse professional background includes leadership in multimillion-dollar energy projects, policy research, and a results-oriented approach to energy economics, competition policy, natural disasters, and development economics. She was the Project Leader of the House of Representatives (HRep) and the Ateneo de Manila University Project on supporting the President's 8-point agenda with evidence-based research. She was the Program Director of the 2014–2018 USAID project – the Energy Policy and Development Program that provided policy advice to NEDA, DOE, and the Committees on Energy in the Senate and HRep. As Program Director, she coordinated several intergovernmental-agency activities, including executive discussions with key government officials. She was the Research Director of the US Department of State and UPSCRFI Gas Policy Development Project in 2019. She served as the President of the Philippine Economic Society in 2018, spearheading the fundraising and coordination efforts for the back-to-back national and international conferences.

She has extensive experience as a policy advisor to government officials at NEDA, DOE, PCC, DTI, and the Committees on Energy in the Senate and House of Representatives. She also serves as a policy and research consultant for the World Bank, Asian Development Bank (ADB), ADB Institute, and USAID, among other development agencies.

She is also a Research Fellow at the Research Institute for Environmental Economics and Management (RIEEM) at Waseda University, Japan. She was also a U.S.-Philippines Alliance Research Fellow at East-West Center (EWC) in Washington, DC, a partnership program by the EWC and the US Embassy in the Philippines, from April to July 2023. As an Associate Professor at the Department of Economics, Ateneo de Manila University, she led the Department's Research Committee. As an Assistant Professor at the UP School of Economics, she concurrently held the positions of Research Director of the UPSE Economics Research Center and Division Chief III, Research of the Philippine Center for Economic Development (PCED).

Her research interests include energy economics, competition policy and economics, the economics of natural disasters, and agricultural and development economics. An output-driven academic, she has published in international journals and has co-edited four books. She received the One UP Faculty Grant Award in Economics for Outstanding Research and Public Service at UP Diliman (2016-2018). The National Academy of Science and Technology (NAST) awarded her the Outstanding Young Scientist in Economics in 2016. She earned her BS in Business Economics and MA in Economics from the University of the Philippines. She obtained her PhD in Economics from the University of Hawai'i in 2012 under the East-West Center Graduate Degree Fellowship Program. She also took an Executive Leadership Programme at INSEAD in Fontainebleau, France, in 2024.
