QMS Leader/MS IV
Position/Designation

Certificate of Project Closure

Comments:

The DAP team demonstrated exceptional dedication and expertise in guiding the Quality Management System (QMS) development at Sultan Kudarat Provincial Hospital (SKPH), leading to certification under the ISO 9001:2015 standard. The high level of professionalism displayed by the DAP team throughout the project was instrumental in its success and greatly appreciated by SKPH. Furthermore, the clarity and consistency of communication from the DAP team ensured that all involved parties were well-informed and aligned with the project objectives and progress.

Suggestions for Improvement:

To further enhance DAP services, offering continuous training and development programs for hospital staff on the latest QMS practices and standards would be beneficial. Additionally, providing periodic follow-up support and assessments to ensure the sustainability and continuous improvement of the implemented QMS would add significant value.
