Project Details

The Course aims to develop the participants' skills in financial stewardship as local government leaders through an understanding of processes involved in local finance and budgeting especially in the context of full devolution, considering the implementation of the Supreme Court ruling on the Mandanas petition. It will also explain the significance, processes, and impact of local fiscal administration not just in delivering public services but also in driving local economic development.

One of the highlights of this Course is a site visit activity where participants will be given an opportunity to learn successful strategies and effective initiatives on fiscal administration and management from a local government unit (LGU), which may be replicated by the participating LGUs.

Project Objective:

The **Course on Local Fiscal Administration and Management** aims:

1. To deepen understanding of the members of Local Finance Committees from selected local government units on the processes involved in local finance and budgeting especially in the context of the impending ruling on the Mandanas; and
2. To explain the significance and impact of effective local fiscal administration not just in delivering public services but also in driving local economic development.
