III. Project Details**Project Description**

This is a twinning program between DAP-GSPDM and the Philippine Air Force Officer School (PAFOS). The Executive Course in Public Management is conducted in alignment with the PAFOS' Squadron Officer Course. It is composed of two modules as follows:

Research Module:

This course introduces students to the fundamental research process, methodologies and techniques in public management. It covers qualitative, quantitative and mixed methods of data collection and analysis. It shall equip students with the critical analysis and proficiency in conducting basic research.

Management Module:

This course is designed as a broad overview of the critical theoretical/practical issues and trends pertaining to public organizations and their management, with emphasis on applications to both "micro" (i.e., inside the organization) and "macro" (i.e., external relations and strategy) organizational issues. It explores adaptive and innovative strategies and policy perspectives that may turn organizational challenges into opportunities.
